Stanford University  
Stanford, California 94305

Dear Josh:

Once again may I thank you for coming to our Tenth Anniversary  
Ceremony and delivering your stimulating ideas to our audience.

I understand that you and others testified before Congressman Rogers  
the following day and I am sure you spoke with good effect. It was  
nice to have the opportunity to visit briefly with you.

With best wishes,

Yours as ever,

*Hang*
